Since 1999, clients in government, industry, and business have come to Isystant for custom computer programming services.

Isystant excels in working with clients to identify and solve "the real problem" with an appropriate mix of information technologies, such as **mobile** apps, **desktop** apps, **Web** apps, relational **databases**, and server scripts.

Isystant integrates these various elements into a **secure**, seamless, intuitive system that is easy to learn, maintain and modify as conditions demand.

Our clients include:

ABB Totalflow, a maker of natural gas flow meters and analyzers.

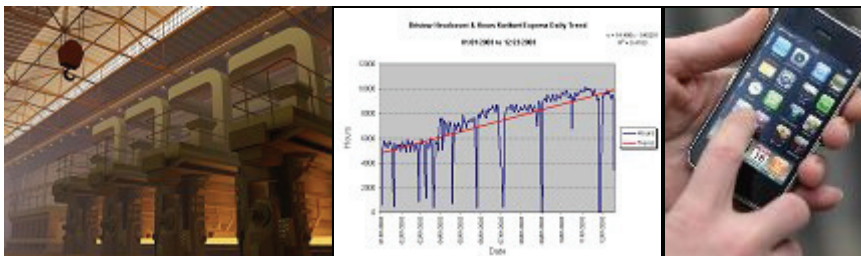

Kwikset Corporation, an arm of Stanley Black and Decker.

The McIntosh Group, architects specializing in ADA compliance verification.

TitlePac, the nation's largest reinsurance broker for the title industry.

Total Learning Research Institute, a software development contractor to NASA.

Isystant is in listed in the CCR database of federal contractors. Applications for a GSA Schedule and HUBZone certification are underway.

"I have been thrilled about what Isystant has done for my company. Unless one understands the magnitude of the task that has been undertaken, it is very difficult to convey the amount of work that has been done and the value it has added."
- **Facilities Manager**

"The best thing about doing business with Isystant is that they take the time to not only understand what we want done, but also why we want it done. This has been an enormous help in achieving the project we intended to complete from the start. By discussing the 'why', we realize that Isystant's goal is in sync with our goal: to complete the project in a way where the need or desire is addressed in an appropriate, practical way."
- **Group Manager**

"We've done several projects and the results have always been good. Isystant has helped develop valuable tools we use every day to help manage our business."
- **Engineering Projects Mgr**

"Great service, intimately familiar with the programs, codes and the needs of our business and processes. Good rapport with employees at all levels of organization."
- **Quality Manager**

"Isystant always responds to our questions, needs, or problems in very quick and efficient manner. Whenever we dream up some data project or "something we would like to have," Isystant has always been able to turn these wishes into a viable program/system."
- **Environment/Health/Safety Mgr**

"Isystant is a good investment. The time savings alone is worth the cost of the service."
- **Financial Controller**

"Your attention to detail, and your ability to think through the larger picture have saved us both time and money in the long run without sacrificing timeliness. As a proven resource, you remain at the top of the list as a solutions provider."
- **Real Estate Manager**

"I was able to explain what I wanted and I got it. Everything I needed was provided in a timely fashion."
- **Production Manager**

"I have been very pleased with the workmanship, professionalism and fairness in the job Isystant provided for our company."
- **Company President**
